

Nighthawk - 6X Night Weapon Sight
(Without P Rail Grabber) Part No. AA-658801-05
Nighthawk - 6X Night Weapon Sight
(With P Rail Grabber) Part No. AA-658800-05

Constructed from a rugged aluminium housing which provides durability and dependable boresight retention during the entire mission, including at extreme temperatures.

To enhance the survivability and operability of this sight, the external objective lens and eyepiece lens elements are protected with an ultra-durable (scratch-resistant) coating which permits cleaning without fear of damage to the optical coatings.

This weapon sight provides excellent observation, target acquisition and aiming capabilities at night.

The weapon sight incorporates an illuminated (injected) reticle which is sharply defined and has variable intensity for best contrast against a light or dark target.

P-rail grabber:
